DELPHINIUMS

AND OTHER NOTEWORTHY HERBACEOUS AND ALPINE PLANTS

1929 - 1930

Three Point Gardens

Nurserymen to a Discriminating Clientele

EAST STROUDSBURG, PA.

WE OFFER a carefully selected group of delphiniums in separate named varieties for the first time available at popular prices. These plants are field grown clumps, sturdy and vigorously wintered. They have been checked as to type and description while in bloom, by a rigorous system of points and represent a close accuracy in color and form to the prize winners in England from which they are directly descended.

Undescribably magnificent they are with florets ranging from two or three inches across, well set on towering spikes of 5 and 6 feet, and more than half of this solid bloom. Not once only do they bloom during the season, but, as if unwilling to forget their moment of perfection, they lift their lovely heads again, and often yet again, before winter clothes and covers them.

For best results delphiniums need a well drained soil. Lime stirred about the base of the plant twice a year and worked in well, together with bonemeal and a little well-rotted cow manure, produces the healthiest growth.

All plants are shipped balled and burlapped and arrive in perfect condition.

DELPHINIUMS

In Separate Named Types Selected From the Finest English Sources

ADVANCEMENT—This marks an achievement in delphinium creation.	each
There is often 5-6 ft. of solid bloom. Colors of striking beauty.....	\$5.00

English Hollyhock Delphiniums in Color Groups

A welcome innovation is the following offer of the Hollyhock Delphiniums released in four separate color groups. These plants are grown from the identical strains which comprise our well-known Named Delphiniums. The plants are all heavy field grown material, and are also shipped balled and burlapped. For exhibition material our Delphinium and Lupin are unsurpassable. Offered in the following color groups:

LIGHT SHADES

MAUVE SHADES

INTERMEDIATE SHADES

DARK SHADES

MIXTURE

Price: \$1.00 each, \$10.00 per dz.,
\$75.00 per 100.

Choice English Hybrid Lupin in Color Groups

A companion to our Delphinium offer is this list of New English Hybrid Lupin in five distinct color groups, selected from the named varieties which have created so much comment in England.

GROUP "A"—Bronze, apricot, yellow, orange.

GROUP "B"—Rose, pink, flesh, buff.

GROUP "C"—Purple and mahogany.

GROUP "D"—Blue and lavender.

GROUP "E"—Cream, white.

Elliott's Sweet-Scented Lupin.

Downer's Superb hybrids

Regal Hybrids

Barr's Hybrids

Price: 50c each, \$5.00 per dz.
\$35.00 per 100.

A LIST OF THE MOST DESIRABLE ALPINE AND HERBACEOUS PLANTS

GREAT LOVE and enthusiasm for alpine plants and delphiniums have made us specialize in these subjects. Our knowledge is thorough and comprehensive with years of experimentation and study. Here, in the Pocono Mountains, at an elevation of 1500 feet, we grow the plants where they mature under ideal conditions. In our shaly limestone hill sides they grow as sturdy and ravishingly beautiful as in their native haunts. Gathered from all the world, we have selected a comprehensive list for all needs and conditions, as the most worthy subjects to beautify your gardens. Our natural scree provides free root runs. These wildings are all field grown with amazing results. And a wealth of joy is stored in the wee little gems when they are established in your own garden.

each dozen

* <i>ACAENA Buchannani</i> —Dense carpet of pea green. 2 inches50	5.00
* <i>glaucha</i> —Beautiful carpeting plant with rose like foliage of soft grey blue50	5.00

<i>Pyramid</i> —Violet-blue; center of petals veined white. Six petals.		
<i>Victor</i> —White, veined violet-blue, purple center; six petals.		
<i>Venus</i> —Large, white; three petals.		
(Price of the above Iris .35 each, 3.50 dozen, except where noted)		

* Denotes plants suitable for rock gardens.

each dozen

* <i>LAVENDULA vera</i> —The true Lavendar of the old fashioned garden. Sweet scented. A fine edging plant35	2.50
* <i>LEONTOPODIUM alpinum</i> —“Edelweiss.” Wooly flower heads on stalk 6 in. rise from a loose tuft of narrow grey leaves in June35	2.50
<i>LIATRIS pycnostachia</i> —Gay Feather—A most unusual flower for August bloom. Tall spikes of blazing derise dust. Attractive to butterflies35	3.50
* <i>LINARIA alpina</i> —One of the loveliest rock plants, bearing a profusion of rich violet flowers with orange throat, like a miniature snap- dragon. Blooms continuously from frost to frost. 3 in.35	3.50
* <i>alpina rosea</i> —Like the above, bearing a profusion of pale pink blossoms35	3.50
* <i>aquitriloba</i> —A minute rock plant for crevices, paths and walks....	.35	3.50
* <i>LINUM austriacum</i> —A variety of <i>L. perenne</i> having more upright habit with blossoms of rich gentian blue35	3.50
* <i>perenne</i> —Drifts of sapphire blue flowers throughout the summer35	2.50
* <i>LITHOSPERMUM petraeum</i> —Heads of blue and purple flowers. For a sunny position in the rock garden75	7.50
* <i>LUPIN polyphyllus</i> . (See Page 2).		
* <i>LYCHNIS alpina</i> —An attractive little rock plant of tufted growth, bear- ing heads of pink blossoms. May-June50	3.50
* <i>Hageana</i> —1 ft. June to August. Very showy, producing orange-red, scarlet, or crimson flowers, nearly 2 inches in diameter35	2.50
* <i>viscaria splendens</i> —Intense crimson. May-June35	2.50
<i>LYTHRUM roseum superbum</i> —Very showy cerise. Splendid for banks and water edges35	2.50
* <i>MAZUS rugosus</i> —Loose trailing masses of blue and white flowers speck- led with gold in the throat. Splendid for flagging and carpeting. A little ramper35	2.50
* <i>MENTHA requieni</i> —A minute carpeting plant from Corsica for a cool damp position or in the crevices of the paved walk, delicately mint scented. 1 inch35	2.50
<i>MERTENSIA virginica</i> —Long, nodding clusters of pale blue flowers with pink buds blooming early in the spring35	2.50
<i>MONARDA didyma</i> —A brilliant variety effective for backgrounds....	.35	2.50
* <i>MUHLENBECKIA nana</i> —A very dwarf shrub, barely 1 inch high, with very small round leaves and bright red and brown stems. Tiny yellow flowers. Path and wall50	5.00
* <i>MYOSOTIS alpestris</i> —Bright blue forget-me-not35	2.50
* <i>hybridus Ruth Fischer</i> —Compact habit with dark green foliage and large bright blue flowers50	3.50
* <i>palustris Pink Beauty</i> —A most unusual shade for the for-get-me-not, with sheafs of pink flowers35	2.50
* <i>palustris semperflorens Water-witch</i> —The best ever-blooming for- get-me-not for naturalizing near water or the shady corner, as well as edging35	2.50
* <i>rupicola</i> —The gem of all the alpine for-get-me-nots. Forms rosettes of handsome green leaves with heads of large intense blue flowers	.50	5.00
* <i>NEPETA mussini</i> —Lavendar flowers in long graceful spikes over carpets of silvery grey foliage. 1 ft. All summer35	2.50

* Denotes plants suitable for rock gardens.

each dozen

*NIEREMBERGIA <i>rivularis</i> —A trailing alpine plant with cup shaped flowers, white, gold lined35	3.50
*OENOTHERA <i>missouriensis</i> —10 inches. June to August. A low species with prostrate, branches. Solitary flowers but profuse in number, and large in size35	2.50
*PAPAVER <i>alpinum</i> —A wee alpine poppy. Small tufts of fern-like leaves with flowers in pastel colors35	3.50
* <i>album</i> —A delicate white35	3.50
* <i>coccineus</i> —A lovely coral red35	3.50
* <i>orange</i>35	3.50
* <i>a. laciniatum</i> —A rich range of the above in delicately fringed petals50	3.50
* <i>nudicaule</i> (Iceland Poppy)—Blooms in a rich assortment of colors, from a newly developed strain of great distinction35	2.50
* <i>n. Coonara pink</i> —An exquisite development of the above35	3.50
* <i>n. Tangerine</i> —A beautiful orange35	3.50
<i>Gerald Perry</i> —A uniform shade of apricot pink50	5.00
<i>Oriental Princess Victoria Louise</i> —A glorious oriental poppy with large rich light orange-salmon flowers50	5.00
*PHLOX <i>amoena</i> —One of the best carpeters for the rockery, with clustered heads of pink flowers35	2.50
* <i>divaricata</i> —An exquisite lilac phlox, 12", for the semi-shade. Profuse bloomer in early spring35	2.50
<i>decussata Antonin Mercie</i> —A delicate lilac blue variety of the beautiful hardy border-phlox which are so necessary and so effective in the mid season35	2.50
<i>Baron von Dedem</i> —Glowing crimson35	2.50
<i>Elizabeth Campbell</i> —Light salmon pink with lighter shadings toward the center35	2.50
<i>Ethel Pritchard</i> —Mauve lilac35	2.50
<i>Europa</i> —White changing to a pale blush white toward the center35	2.50
<i>Gruppenkönigen</i> —Flesh pink, crimson eye35	2.50
<i>Jules Sandeau</i> —Rather dwarf in habit but producing large heads of brilliant water-melon pink blossoms35	3.50
<i>Miss Lingard</i> —Heads of white flowers35	2.50
<i>Mia Ruyts</i> —Trusses of pure white flowers35	2.50
<i>Mrs. Jenkins</i> —Pure white, late flowering. Medium height35	2.50
<i>Mrs. Milly van Hoboken</i> —An excellent new variety. Very large heads with large florets. A delicate suffusion of purple in the center of a brilliant pink35	3.50
<i>R. P. Struthers</i> —A lively rose-pink35	2.50
<i>Rheinlander</i> —A beautiful salmon pink35	2.50
<i>Rijnstroom</i> —Heavy trusses of brilliant rose-pink35	2.50
<i>Thor</i> —Dazzling pink flowers35	2.50
* <i>subulata</i> —Mountain pink. Mats quickly over walls and rocks35	2.50
* <i>s. alba</i> —A lovely white35	2.50
* <i>s. G. F. Wilson</i> —Delicate pale lilac35	3.00
* <i>s. lilacina</i> —Good soft lilac color35	3.50
* <i>s. vivid</i> —Warm salmon rose35	3.50
*PHYTEUMA <i>Scheutzeri</i> —Rare alpine, bearing graceful bells of deep blue on swaying stems75	6.50
*PLATYCODON <i>grandiflora</i> —The balloon flower. Of deep blue35	2.50
* <i>mariesii alba</i> —White flowered form of mariesii35	3.50

* Denotes plants suitable for rock gardens.

		each dozen
*POLEMONIUM <i>Richardsoni</i>	—Masses of beautiful sky blue. 18"	.35 2.50
* <i>reptans</i> —Greek Valerian.	8-10 inches. April to June	
Dwarf bushy plant of graceful habit.	Showy blue flowers. Rock	
garden and border35 3.50
*POTENTILLA <i>Miss Willmott</i>	—A charming specie with strawberry	
red flowers, and beautiful foliage35 3.50
*PRIMULA <i>auricula alpina</i>	—Forms rosettes of thick leaves, sometimes	
farinose or mealy. Fragrant heads of bloom in rich, warm colors		
on stems 6-8 in. (See <i>Auricula</i>)50 5.00
* <i>Beesiana</i> —a distinct type, with flowers of various shades of purple,		
with yellow eye. 3 ft.75 5.00
* <i>cashmiriana</i> —Large flowers of deep purple in heads. 2 ft.75 5.00
<i>Florindae</i> —A mighty primrose. Bright yellow fragrant flowers75 7.50
* <i>japonica</i> —Shades of crimson75 6.50
* <i>pulverulenta</i> —Rich crimson flowers in whorls. 3 ft. One of the		
finest varieties50 5.00
* <i>veris Munstead strain</i> —Flowers of large size in yellows and white35 2.50
* <i>v. red shades</i> —A selected strain35 2.50
* <i>Veitchii</i> —Umbels of deep rose flowers. 12 inches50 5.00
PYRETHRUM <i>roseum, doubles</i>	—With beautiful crested types	.35 3.50
<i>singles</i> —Clear distinct colors in the range of pink and red35 2.50
RUDBECKIA <i>Golden Glow</i>	—One of the most popular hardy plants.	
6 feet high with an abundance of gold balls at the top35 2.50
RUDBECKIA <i>newmanii</i>	—Orange yellow flowers with black center. A	
luxurious bush form. Fall35 2.50
<i>purpurea</i> —Rosy purple flowers. 3-4 ft. August-September35 2.50
*SANTOLINA <i>Chamaecyparisus incana</i>	—Beautiful silvery white flow-	
ers, compact and aromatic. 12 inches. One of the most effective		
plants in the rock garden or wall35 3.50
*SAPONARIA <i>ocymoides</i>	—Deep pink blossoms in June. Of trailing	
habit35 2.50
*SAXIFRAGA <i>aizoides</i>	—A lime encrusted variety with white flowers.	
8 inches75 6.50
* <i>aizoon</i> —Silver beaded leaves and plumes of creamy white blossoms.		
Prevent water from lodging in the crown75 6.50
* <i>cordifolia</i> —Megasea hybrid50 3.50
* <i>encrusted</i> —Beautiful plants of the European Alps, with lime encrus-		
tations on the foliage. Perfect drainage75 6.50
* <i>decipiens grfl.</i> —Charming hybrids with countless flowers in many		
shades of white, rose and crimson50 3.50
* <i>lingulata Leichtlini</i> —Long foliage with erect heads of white flow-		
ers. 8 inches50 3.50
*SEDUM <i>acre</i>	—A dwarf grower forming a thick carpet of green moss-like	
foliage hidden by yellow flowers in June35 2.50
* <i>album</i> —Small succulent leaves which turn reddish brown in fall.		
White flowers in June-July35 2.50
* <i>anacampseros</i> —A very quaint plant inhabitating alpine rocks from		
northern Spain to the Tyrol. The dull purple flowers and grey-		
green rosettes are effective as they trail over sunny rocks50 3.50
* <i>anglicum</i> —A coral rosette of grey green. Delicate pink flower35 2.50

* Denotes plants suitable for rock gardens.

each dozen

* <i>dasyphyllum</i> —Fat glaucous blue leaves set tight on 3 inch stems. Flowers pink. Very profuse bloomer35	3.50
* <i>Ewersi</i> —Grey foliage. Attractive growth. Rosy lilac blooms50	3.50
* <i>hispanicum</i> —Tiny growths of pink flowers35	2.50
* <i>ibericum</i> —Numerous deep rose flowers among dark green foliage..	.35	2.50
* <i>kamtschaticum</i> —Foliage deep green. Numerous yellow flowers in flat heads. 66 in.35	2.50
* <i>Lydium</i> —Bronze foliage with pink flowers in June35	2.50
* <i>maximum</i> —Tall robust specie. Foliage purplish; flowers white. 2 ft.35	3.00
* <i>Nevii</i> —Tiny rosettes of neat grey leaves not unlike the old-fashioned "hen-and-chickens," but exquisitely neat. Very choice35	3.00
* <i>obtusatum</i> —Pretty plant with bronze foliage and yellow flowers. 3 inches35	3.00
* <i>oppositifolium</i> —Pinkish white blooms35	2.50
* <i>reflexum</i> —Glaucous green leaves. Yellow blooms. 8-10 in.35	2.50
* <i>Seiboldi</i> —Handsome glaucous foliage and bright pink flowers. In September35	2.50
* <i>selskianum</i> —Heads of yellow blossoms in July. 18"35	2.50
* <i>sexangulare</i> —Compact dark green foliage, yellow flowers35	2.50
* <i>spathulatum</i> —Heads of yellow flowers. 6 in. Decorative metallic foliage35	2.50
* <i>spectabile</i> —Brilliant flowers in late Fall. 12 inches35	2.50
* <i>spurium</i> —Prostrate habit with heads of pinkish white flowers35	2.50
* <i>spurium coccineum</i> —A rose colored type of <i>S. spurium</i>35	2.50
* <i>stoloniferum</i> —Again a broad leafed type, rooting by stolons35	2.50
* <i>Yosemitense</i> —A Western variety of unusual charm, with a mosaic pattern of slightly curled leaves, bronzed at the edges50	3.50
* <i>SEMPERVIVUM alberti</i> —Bright red flowers of medium size35	2.50
* <i>arachnoideum</i> —Small rosettes covered with cob-web-like down. True variety35	3.00
* <i>blandum</i> —A unique bronzy rosette35	3.00
* <i>fauconetti</i> —Minute rosettes of green with red tips35	3.00
* <i>glaucum</i> —Pale glaucous green leaves35	3.00
* <i>globiferum</i> —Bright green rosettes producing chicks in the peaks of the leaves35	3.00
* <i>tectorum</i> —Common house leak. Red flowers35	2.50
* <i>mixed</i> —A choice collection of the above35	2.50
* <i>SILENE acaulis</i> —Close cushions of foliage spangled with tiny pink stemless flowers in June. Very choice75	5.00
* <i>alpestris</i> —A profusion of branching stems carrying exquisite white stars with fringed petals. Best in partial shade50	5.00
* <i>maritima rosea</i> —Sea Pink. Pretty variety with pink flowers. 3 inches. August-September35	2.50
* <i>Schafta</i> —Closely allied to the pink family and requires same con- dition. Tufted growth covered with rosy purple flowers in July and August35	3.00
SWEET WILLIAM (See <i>Dianthus barbatus</i>).		
* <i>TEUCRIUM chamedrys</i> —Shrub-like habit. Glossy green foliage with purple flowers in July and August. 1 ft.50	5.00
* <i>THALICTRUM adiantifolium</i> —Rich loam and moist position. Happy in shade. Miniature white flowers in July. 1 ft.35	2.50
<i>aquilegiafolium</i> —“Feathered columbine”. Handsome foliage35	2.50

* Denotes plants suitable for rock gardens.

		each dozen
<i>a. purpureum</i>	Rosy purple flowers. 3 ft. May-June	.35 2.50
<i>dipterocarpum</i>	A distinct specie with flowers of rosy lilac and yellow stamens and anthers	.50 3.50
* <i>minus</i>	Very dwarf, with fern-like foliage	.50 3.50
* <i>THYMUS azoricus</i>	Rosy purple flowers. A good alpine trailer. Ordinary soil	.35 2.50
* <i>lanuginosus</i>	Clouds of delicate purple flowers among carpets of wooly grey leaves. Lovely trailing habit	.35 2.50
* <i>serpyllum</i>	Very desirable wild thyme, creeping habit. Foliage dense dark green. Clouds of delicate purple flowers	.35 2.50
* <i>s. alba</i>	Dense green mat with white flowers	.35 2.50
* <i>s. coccineus</i>	Brilliant red flowers on the above	.35 2.50
* <i>vulgaris</i>	Common Garden Thyme. A well known herb of shrubby character. 12 inches	.35 2.50
<i>TRITOMA Pfizeri</i>	Hardy if given protection, but the most successful methods is to bury the roots in sand in a cool cellar for the winter. The common Red Hot Poker, which is exceedingly effective in late summer, 2½ ft.	.50 5.00
* <i>TROLLIUS asiaticus</i>	Bright orange flowers early in the season, and again in early fall. 12-18 inches	.50 5.00
* <i>europaeus Orange Globe</i>	Desirable free flowering plants, with giant orange-yellow buttercups. 1-2 ft. May-August	.75 7.50
* <i>mixed hybrids</i>	A delightful sequence of shades	.50 5.00
* <i>TUNICA saxifraga</i>	Rose pink. Beautiful little prostrate plant	.35 2.50
<i>VERBASCUM Miss Willmott</i>	An improved type with large cream-colored flowers. All summer bloomer. 2 ft.	.35 2.50
<i>Phoenicum</i>	The most colorful of French mulleins in various shades of white, pink, salmon and violet. These are from a carefully selected English strain. 3 ft.	.50 3.50
* <i>VERONICA Allioni</i>	A little coarser type of <i>V. repens</i> , with a complete charm of its own and intense blue flowers	.35 3.50
* <i>amethystina</i>	Blue flowers in long racemes. Short spikes. 8-10 inches	.35 2.50
* <i>armena</i>	A prostrate Veronica with delicate finely cut foliage and brilliant blue flowers. A real treasure	.50 5.00
<i>crassifolia</i>	18 inches of delicate blue flowers on comely spikes, with a real place in the mid-season	.35 2.50
* <i>filiformis</i>	A splendid ground cover of approximately 5 inches. Light blue flowers in abundance	.50 5.00
* <i>gentianoides</i>	Spikes of large flowers of palest blue, edged deep blue. June-July	.35 3.50
* <i>incana</i>	1 ft. July and August. A white, wooly plant with numerous blue flowers. Rockery or border	.35 2.50
* <i>longifolia subsessilis</i>	Blue. This is one of the most beautiful herbaceous plants, and we cannot too highly recommend it. Continues to bloom until late fall, 2 ft.	.35 3.50
* <i>Lyalli</i>	Deeply cut foliage and an occasional charming blue flower suspended upon willowy branches. 12 inches	.35 3.50
* <i>nummularia</i>	1 ft. high with evergreen foliage and charming blue flowers. Choice	.50 5.00
* <i>pectinata</i>	A charming woolly leaved variety which is especially suited for carpeting, owing to its prostrate habit	.50 5.00

* Denotes plants suitable for rock gardens.

each dozen

* <i>prostrata</i> —Dwarf close growing specie. Sheets of brilliant blue50	4.00
* <i>repens</i> —Tiny blue flowers in early spring. A gem35	3.00
* <i>rupestris</i> —Masses of deep green foliage smothered with bright blue flowers in June. Indispensable for dry walks or edgings. Absolutely prostrate. May-June35	3.00
* <i>rupestris alba</i> —A white form35	2.50
* <i>rupestris flexuosa</i> —Solid carpet of green with lovely blue flowers. April-May35	3.00
* <i>rupestris Heavenly Blue</i> —Dwarf and spreading. Flowers very early. Exquisite shade of blue35	3.50
* <i>rupestris nana</i> —A very compact form of <i>V. rupestris</i> with intense blue flowers35	3.50
* <i>rupestris rosea</i> —A rose color of the above35	3.50
* <i>saxatile</i> —Mounds of evergreen foliage about 5 inches. Slate blue flowers in June50	5.00
<i>spicata</i> —Spikes of blue flowers35	2.50
* <i>teucrium Royal Blue</i> —A very desirable trailer35	3.00
* <i>Traversi</i> —A semi-shrubby variety. Compact bushes with a profusion of mauve flowers in late August50	5.00
* <i>VIOLA alannah</i> —A truly delightful all summer blooming viola in a real red color. 6 inches50	5.00
* <i>Black Knight</i> —The sequel to the Giant White in a coal-black35	3.50
* <i>bosniaca</i> —A perfect gem from Bosnia. Quantities of rose-colored flowers. Resembles <i>gracilis</i> in habit35	2.50
* <i>Bowles Black</i> —A jewel of perfect propriety, excellent for cut flowers in the delicacy and quaintness of its form35	2.50
* <i>Bronze Shades</i> —A rich gamut of the bronze tones and a continuous bloomer. Entirely dependable35	2.50
* <i>Apricot Queen</i> —A most unusual shade of apricot35	3.50
* <i>G. Wermig</i> —A midget of a blue butterfly, and a real ramper35	2.50
* <i>Giant White</i> —Immense cream colored flowers, blooming continuously throughout the summer35	2.50
* <i>Jersey Gem</i> —Rich royal purple blossoms from Spring until frost. Most desirable both in the garden and for cut flowers35	2.50
* <i>Lady Haslemere</i> —Delicate lavender pink35	3.50
* <i>lutea</i> —A little mountain pansy from limestone hills. A profusion of dancing golden blooms35	2.50
<i>c. Perfection alba</i> —Large flowered. White35	3.00
* <i>pedata</i> —Exquisite blue flowers. A gem for the shady corner in the rock garden35	3.50

* Denotes plants suitable for rock gardens.

<i>Arenaria</i> , all var.	<i>Lychnis alpina</i>
<i>Armeria</i> , all var.	<i>Mazus rugosus</i>
<i>Aster alpinus</i>	<i>Mentha requieni</i>
<i>Aubretia</i> , all var.	<i>Myosotis rupicola</i>
<i>Auricula alpina</i>	<i>Nierembergia rivularis</i>
<i>Campanula</i> , all rock garden var.	<i>Papaver alpinum</i>
<i>Cerastium tomentosum</i>	<i>Phlox</i> , all dwarf var.
<i>Dianthus alpinus</i>	<i>Phyteuma Scheutzleri</i>
<i>arenarius</i>	<i>Primula cashmiriana</i>
<i>caesius</i>	<i>Saponaria ocymoides</i>
<i>deltoides</i> Brilliant	<i>Saxifraga</i> , encrusted var.
<i>neglectus</i>	<i>decipiens</i>
<i>Kamtschaticus</i>	<i>Sedum</i> , all var.
<i>sylvestris</i>	<i>Sempervivum</i> , all var.
<i>Draba aizoides</i>	<i>Silene alpestris</i>
<i>Erinus alpinus</i>	<i>Schafta</i>
<i>Gypsophila repens</i>	<i>Thymus</i> , all var.
<i>Helianthemum</i> , all var.	<i>Tunica</i> , all var.
<i>Hypericum</i> , all var.	<i>Veronica</i> , all dwarf var.
<i>Iris pumila</i>	<i>Viola bosniaca</i>
<i>tectorum</i>	<i>Jersey Gem</i>

ROCK PLANTS WITH EXQUISITE FOLLAGE

<i>Alyssum serpyllifolium</i>	<i>Papaver alpinum</i>
<i>Aethionema</i> , all var.	<i>Potentilla</i> , all var.
<i>Anemone</i> , all var.	<i>Saxifraga</i> , all var.
<i>Arenaria balearica</i>	<i>Sedum anglicum</i>
<i>Campanula garganica</i>	<i>album</i>
<i>pusilla</i>	<i>dasyphyllum</i>
<i>ovatica</i>	<i>Ewersi</i>
<i>Dianthus alpinus</i>	<i>ibericum</i>
<i>Kamtschaticus</i>	<i>Lydium</i>
<i>neglectus</i>	<i>nevii</i>
<i>sylvestris</i>	<i>Sempervivum</i> , all var.
<i>Draba aizoides</i>	<i>Thymus</i> , all var.
<i>Erinus alpinus</i>	<i>Veronica rupestris</i> , all var.
<i>Heuchera</i> , all var.	<i>Lyalli</i>
<i>Hypericum</i> , all var.	<i>pectinata</i>
<i>Iris</i> , all var.	<i>repens</i>
<i>Linaria alpina</i>	<i>Viola bosniaca</i>
<i>aquitriloba</i>	<i>pedata</i>
<i>Mentha requieni</i>	

ROCK PLANTS FOR NATURALIZING

<i>Aquilegia canadensis</i>	<i>Phlox amoena</i>
<i>Gentiana</i> , all var.	<i>ovata</i>
<i>Iris</i> , all var.	<i>subulata</i> , all var.
<i>Leontopodium alpinum</i>	<i>Polemonium reptans</i>
<i>Linaria alpina</i>	<i>Richardsoni</i>
<i>Mentha requieni</i>	<i>Potentilla</i> , all var.
<i>Mertensia virginica</i>	<i>Primula</i> , all var.
<i>Mazus rugosus</i>	<i>Saxifraga</i> , all var.
<i>Myosotis</i> , all var.	<i>Thalictrum</i> , all var.
<i>Nepeta mussini</i>	<i>Thymus</i> , all var.
<i>Nierembergia rivularis</i>	<i>Trollius</i> , all var.
<i>Papaver alpinum</i> , all var.	<i>Veronica</i> , all var.
	<i>Viola</i> , all var.

ROCK PLANTS SUITABLE FOR COVERING BULBS

<i>Arenaria balearica</i>	<i>Phlox subulata</i> , all var.
<i>caespitosa</i>	<i>Saxifraga decipiens</i>
<i>montana</i>	<i>Silene</i> , all var.
<i>Campanula carpatica</i>	<i>Sedum</i> , all var.
<i>pusilla</i>	<i>Thymus serpyllum</i> <i>album</i>
<i>Gypsophila repens</i>	<i>serpyllum coccineus</i>
<i>Linaria aquitriloba</i>	<i>lanuginosus</i>
<i>Muhlenbeckia nana</i>	<i>Tunica saxifraga</i>
<i>Hypericum</i> , all var.	<i>Veronica pectinata</i>
<i>Mazus rugosus</i>	<i>repens</i>
<i>Myosotis palustris</i>	<i>rupestris</i> , all var.
<i>Nierembergia rivularis</i>	<i>Lyalli</i>
<i>Phlox amoena</i>	<i>Viola bosniaca</i>
<i>reptans</i>	

PLANTS SUITABLE FOR UNDERPLANTING IN SHRUB MASSES

<i>Campanula carpatica</i>	<i>Phlox amoena</i>
<i>rotundifolia</i>	<i>ovata</i>
<i>Geum</i> , all var.	<i>Primula</i> , all var.
<i>Helianthemum</i> , all var.	<i>Saponaria ocymoides</i>
<i>Heuchera</i> , all var.	<i>Saxifraga Megasea</i> hyb.
<i>Hypericum</i> , all var.	<i>Thalictrum adiantifolium</i>
<i>Iris cristata</i>	<i>dipterocarpum</i>
<i>verna</i>	<i>minus</i>
<i>pumila</i>	<i>Thymus azoricus</i>
<i>Linum</i> , all var.	<i>Sedum ibericum</i>
<i>Mazus rugosus</i>	<i>spurium</i>
<i>Mertensia virginica</i>	<i>Veronica amethystina</i> ,
<i>Myosotis</i> , all var.	<i>prostrata</i>
<i>Nepeta mussini</i>	<i>Teucrium</i> , Royal blue
<i>Nierembergia rivularis</i>	<i>Viola</i> , all var.

ROCK PLANTS AND ALPINES BLOOMING DURING APRIL-MAY

<i>Alyssum serpyllifolium</i>	<i>Erinus alpinus</i>
<i>argenteum</i>	<i>Iberis sempervirens</i>
<i>montanum</i>	<i>Iris pumila</i>
<i>rostratum</i>	<i>Lychnis alpina</i>
<i>spinosum</i>	<i>Phlox amoena</i>
<i>Androsace lanuginosa</i>	<i>subulata</i> , all var.
<i>Anemone pulsatilla</i>	<i>Primula auricula</i>
<i>Arabis</i> , all var.	<i>veris</i>
<i>Arenaria montana</i>	<i>Saxifraga cordifolia</i>
<i>Aubretia</i> , all var.	<i>lingulata</i> Leichtlini
<i>Daphne cneorum</i>	<i>Megasea</i>
<i>Draba aizoides</i>	<i>Trollius</i> , all var.

ROCK PLANTS BLOOMING MAY-JUNE

<i>Aethionema</i> , all var.	<i>Mertensia virginica</i>
<i>Alyssum saxatile compactum</i>	<i>Mentha requieni</i>
<i>Anemone sylvestris</i>	<i>Myosotis</i> , all types
<i>Aquilegia</i> , all var.	<i>Nepeta mussini</i>
<i>Arenaria caespitosa</i>	<i>Papaver alpinum</i>
<i>Armeria lauchiana</i>	<i>nudicaule</i>
<i>Aster alpinus</i>	<i>Phlox amoena</i>
<i>Campanula garganica</i>	<i>divaricata</i>
<i>Cerastium tomentosum</i>	<i>subulata</i> , all var.
<i>Dianthus alpinus</i>	<i>Primula</i> , all var.
<i>arenarius</i>	<i>Saxifraga encrusted</i> var.
<i>caesium</i>	<i>mossy</i> var.
<i>deltoides</i> , all var.	<i>Silene alpestris</i>
<i>hybrid Hardy Pinks</i>	<i>Trollius asiaticus</i>
<i>neglectus</i>	<i>Veronica gentianoides</i>
<i>sylvestris</i>	<i>repens</i>
<i>Iris</i> , all dwarf types	<i>amethystina</i>
<i>Linaria aquitriloba</i>	<i>rupestris</i> , all var.
<i>Linum</i> , all var.	<i>Viola</i> , all var.
<i>Mazus rugosus</i>	

ROCK PLANTS BLOOMING JUNE-JULY

Aethionema, all var.	Nierembergia rivularis
Alyssum argenteum	Papaver alpinum
Arenaria balearica	nudicaule
Armeria laucheanة	Phlox amoena
Aster alpinus	subulata Vivid
Campanula pusilla	Polemonium Richardsoni
Epilobium nummularifolium	Potentilla Miss Willmott
Gypsophila repens	Primula japonica
Gentiana cruciata	Beesiana
septemfida	farinosa
Geum Mrs. Bradshaw	conspersa
Lady Stratheden	Sedum, all var.
Orange Queen	Thymus, all var.
Hypericum, all var.	Tunica saxifraga
Helianthemum, all var.	Veronica incana
Leontopodium alpinum	Lyalli
Linaria alpina	rupestris Heavenly Blue
aquitriloba	Teucrium Royal Blue
Lithospermum petraeum	Viola, all var.
Mazus rugosus	

ROCK PLANTS BLOOMING JULY-AUGUST

Armeria laucheanة	Hypericum, all var.
Alyssum argenteum	Lithospermum petraeum
rostratum	Mazus rugosus
Campanula carpatica	Mentha requieni
pusilla	Nierembergia rivularis
rotundifolia	Oenothera missouriensis
Cheiranthus Allioni	Papaver nudicaule
Dianthus deltoides	alpinum
Kamtschaticus	Sedum, all var.
Epilobium nummularifolium	Sempervivum, all var.
Geum Lady Stratheden	Silene Schafta
Mrs. Bradshaw	Thymus, all var.
Gypsophila repens	Viola, all var.
Helianthemum, all var.	

ROCK PLANTS BLOOMING AUGUST-SEPTEMBER

Alyssum argenteum	Oenothera missouriensis
Anemone hupehensis	Papaver alpinum
Campanula pusilla	nudicaule
capathica	Sedum Seiboldi
rotundifolia	spectabile Brilliant
Gentiana Andrewsii	Sempervivum, all var.
Hypericum, all var.	Silene Schafta
Lavendula vera	Tunica saxifraga
Linaria aquitriloba	Viola, all var.
Nierembergia rivularis	

ROCK PLANTS BLOOMING SEPTEMBER-OCTOBER

<i>Aubretia purpurea</i>	<i>Nierembergia rivularis</i>
<i>Campanula carpatica</i>	<i>Papaver alpinum</i>
<i>rotundifolia</i>	<i>Trollius europaeus Orange Globe</i>
<i>Erinus alpinus</i>	<i>Viola</i> , all var.
<i>Hypericum</i> , all var.	

ROCK PLANTS WITH BLUE, PURPLE, LAVENDER FLOWERS

<i>Anemone pulsatilla</i>	<i>pumila cyanea</i>
<i>Aquilegia alpina</i>	<i>Lavendula vera</i>
<i>Aster alpinus</i>	<i>Linaria alpina</i>
<i>Aubretia deltoidea</i>	<i>aquitriloba</i>
<i>Eyrii</i>	<i>Lithospermum petraeum</i>
<i>graeca</i>	<i>Mentha requieni</i>
<i>purpurea</i>	<i>Mertensia virginica</i>
<i>Calamintha alpina</i>	<i>Myosotis</i> , all var.
<i>Campanula barbata</i>	<i>Nepeta mussini</i>
<i>carpathica</i>	<i>Phlox divaricata</i>
<i>garganica</i>	<i>subulata</i> G. F. Wilson
<i>ovatica</i>	<i>Polemonium Richarsoni</i>
<i>pusilla</i>	<i>repans</i>
<i>rotundifolia</i>	<i>Primula conspersa</i>
<i>turbinata</i>	<i>Veronica incana</i>
<i>Dianthus superbus</i>	<i>gentianoides</i>
<i>Erigeron speciosus</i>	<i>pectinata</i>
<i>Gentiana Andrewsii</i>	<i>repens</i>
<i>cruciata</i>	<i>Teucrium</i>
<i>septempida</i>	<i>rupestris</i> Heavenly Blue
<i>Iris cristata</i>	<i>Viola G. Dermig</i>
<i>gracilipes</i>	<i>Jersey Gem</i>

ROCK PLANTS BLOOMING IN ROSE, PINK, RED

<i>Aethionema coridifolium</i>	<i>Myosotis palustris</i> Pink Beauty
<i>pulchellum</i>	<i>Papaver alpinum</i> roseum
<i>Alyssum spinosum</i> roseum	<i>nudicaule</i> Coonara Pink
<i>Androsace lanuginosa</i>	<i>Phlox amoena</i>
<i>Anemone hupehensis</i>	<i>ovata</i>
<i>Arabis rosea</i>	<i>subulata</i> rosea
<i>muralis</i> rosea	<i>Vivid</i>
<i>Armeria laecheana</i>	<i>Potentilla</i> Miss Willmott
<i>Aubretia Leichtlini</i>	<i>Primula veris</i> red shades
<i>Mrs. Lloyd Edwards</i>	<i>Beesiana</i>
<i>Daphne cneorum</i>	<i>cashmiriana</i>
<i>Dianthus</i> , all var.	<i>farinosa</i>
<i>Dicentra eximia</i>	<i>Saxifraga megasea</i> hyb.
<i>Erinus alpinus</i>	<i>encrusted</i> var.
<i>Gypsophila repens</i>	<i>Saponaria ocymoides</i>
<i>Helianthemum</i> Fireball	<i>Sedum ibericum</i>
<i>Mrs. Earle</i>	<i>Seiboldi</i>
<i>Pink Beauty</i>	<i>spectabile</i>
<i>Heuchera Rosamonde</i>	<i>spurium coccineum</i>
<i>Iberis petrae</i>	<i>stoloniferum</i>
<i>Lychnis alpinus</i>	<i>anglicum</i>

THREE POINT GARDENS

ROCK PLANTS BLOOMING IN ROSE, PINK, RED—Continued

Sedum Lydium	Tunica saxifraga
Sempervivum arachnoideum Triste	Veronica rupestris rosea
Silene Schafta maritima rosea	Viola bosniaca
Thymus serpyllum coccineus	Lady Haslemere
	Mauve Queen
	Maggie Mott

ROCK PLANTS WITH YELLOW AND ORANGE FLOWERS

Alyssum, all var.	Papaver alpinum orange
Aquilegia Skinneri canadensis	nudicaule
Cheiranthus allioni	Primula Florindae
Draba aizoides	Sedum acre
Geum Lady Stratheden Orange Queen	Kamtschaticum
montanum	sexangulare
Heldreichii	selskianum
Helianthemum aureum	Thalictrum adiantifolium
Hypericum, all var.	glaucum
Iris pumila lutea	minus
Oenothera missouriensis	Trollius, all var.
	Viola Apricot Queen
	lutea splendens
	Bronze shades

ROCK PLANTS BLOOMING WHITE

Aethionema iberidium	Helianthemum macranthum
Anemone sylvestris	Iberis sempervirens
Arabis alpina nana compacta alpina fl. pl.	Iris pumila The Bride
albida	Nierembergia rivularis
Ferdinand-Coburgi	Papaver alpinum white
Arenaria balearica montana	Phlox subulata alba
caespitosa	Saxifraga decipiens
Campanula carpathica alba pusilla alba	encrusted var.
Cerastium tomentosum	Sedum album
Dianthus arenarius	Thymus serpyllum album
Epilobium nummularifolium	Tunica saxifraga
	Viola Perfection alba
	Sutton's Giant White
	Osborne White

ROCK PLANTS SUITABLE FOR MARGINS IN FLAGGING

Arenaria balearica caespitosa	Sedum dasypyllyum
Linaria aquitriolba	Lydium
Mentha requieni	ibericum
Epilobium nummularifolium	spurium
Sedum album anglicum	sexangulare
	Veronica repens
	rupestris, all types

Where plants are not in direct danger of being walked upon many other choice and vividly colored alpines may be used.

ALPINES FOR HOT AND DRY PLACES

<i>Aubretia</i> , all var.	<i>Phlox</i> <i>divaricata</i>
<i>Dianthus alpinus</i>	<i>subulata</i> , all var.
<i>neglectus</i>	<i>Saponaria</i> <i>ocymoides</i>
<i>Draba aizoides</i>	<i>Saxifraga</i> <i>encrusted</i> var.
<i>Gypsophila repens</i>	<i>Sedum</i> , all var.
<i>Helianthemum</i> , all var.	<i>Silene</i> , all var.
<i>Hypericum</i> , all var.	<i>Thymus</i> , all var.
<i>Mazus rugosus</i>	<i>Tunica</i> , <i>saxifraga</i>
<i>Papaver alpinum</i>	<i>Veronica</i> , all var.
<i>Phlox amoena</i>	

ALPINE PLANTS FOR MOIST PLACES

(*Well Drained*)

<i>Anemone</i> , all var.	<i>Mazus rugosus</i>
<i>Aquilegia</i> , all var.	<i>Mentha requieni</i>
<i>Arabis</i> , all var.	<i>Nierembergia rivularis</i>
<i>Arenaria</i> , all var.	<i>Phlox amoena</i>
<i>Auricula</i> , all var.	<div style="display: inline-block; transform: rotate(-90deg);">divaricata</div>
<i>Campanula</i> , all var.	<div style="display: inline-block; transform: rotate(-90deg);">subulata</div> , all var.
<i>Dianthus alpinus</i>	<i>Primula</i> , all types
<i>neglectus</i>	<i>Saxifraga</i> <i>decipiens</i>
<i>sylvestris</i>	<div style="display: inline-block; transform: rotate(-90deg);">lingulata</div> <i>Leichtlini</i>
<i>Kamtschaticus</i>	<div style="display: inline-block; transform: rotate(-90deg);">cordifolia</div>

How to Reach Our Nursery

Our Nursery grounds are located on Franklin Hill, just two miles from the East Stroudsburg Post Office. At the Baptist Church turn right on East Broad Street and continue four blocks. At this point our Nursery sign will direct you left on a good country road to our gardens and an open view of the Delaware Water Gap.
